EXAMINER'S ACTION

Serial Number 051,899
Art Unit 335

--2--

The present application has been withdrawn from issue and prosecution has been re-opened because the application contains problems relating to the oath/declaration and formal requirements have not been met.

The reissue oath or declaration filed with this application fails to state that the errors arose "without any deceptive intention" on the part of the applicant, as required under 37 C.F.R. § 1.175(a)(6).

Claims 1-5 are rejected as being based upon a defective reissue declaration under 35 U.S.C. § 251. See 37 C.F.R. § 1.175.

The present application was filed without the original patent. It is noted that paper #6, filed 1/7/94 states Applicants offer to surrender the original patent, but the original patent has not been received by the Office. See MPEP 1416.

All references cited in the original patent must be cited in the reissue application. See MPEP 1418.

An inquiry concerning this communication should be directed to George Manuel at telephone number 703-308-2118.
